CERTIFICATION

This is to certify that we have examined the Selectmen's books and found them to be in order and correct.

January 26, 1965

FRANCIS R. GARDNER
HAROLD T. POTTER
Auditors

To the citizens of Effingham:

The year 1964 has passed and we have had several unexpected demands on our treasury for additional expenditures that we did not anticipate when the budget was set up for the year, such as: Relief, Interest on borrowed money and the usual highway maintenance.

Due to the unexpected obligation of \$11,522.00 to the Regional School District that became due on October 1st, we were obliged to borrow additional money to meet this note. As you are aware, our tax money does not start to come in until after November 1st.

We are still wondering why the Boards of Selectmen of the several towns in the Regional District were not consulted to enable them to establish a date when this large payment could have been more conveniently met.

We would like to call your attention to the failure of many property owners in regard to the returning of their respective inventory forms so that an honest and proper levy of our tax load can be made.

In 1964 a total of ⁶²⁷~~607~~ inventories were mailed or delivered to property owners. Of this amount, ~~308~~ ³¹¹ were returned, (less than 50%). ~~232~~ ²³⁵ returned were from non-residents, 76 were from residents. Of the 76 resident forms returned, 35 were in conjunction with Veteran's Exemption forms.

In 1964 over 80 pieces of property were checked and evaluated by Robert Cunningham, State Tax Commission appraiser, with a resulting additional assessed valuation of \$77,304.00. An examination of the returned inventories which declared any improvements, resulted in an assessed figure of only \$3849.00.

This means that of the \$77,304.00 increase in assessed valuation, \$73,455.00 was not declared.

The return of these inventories, whether you have made any improvements or not, is a requirement by law and the penalty for failure to return is printed on the back of each form. We therefore urge everyone to comply with State law and return the inventory by the designated time.

This summer a night patrol was organized and put into operation on a trial basis. The patrol was operated from June 19th to September 6th and covered a period of 22 nights. In addition, there were 8 daytime calls and 6 night calls answered. The following is a list of what this patrol accomplished:

Warnings issued	18
Cars checked	46

Your Board of Selectmen

EFFINGHAM FIRE DEPARTMENT

Our department answered thirteen calls this year which included: four chimney fires, two woods fires, two house fires, two fires at the town dump, one stand-by at an automobile accident, one stand-by at a lumber pile fire and one fire discovered by a hunter on Green Mountain. In addition to the above, we burned over four fields at the request of the owners.

The new Mack truck has proven a very valuable addition to our department.

Our ambulance responded to eleven calls during the year for service and covered nearly a thousand miles.

We would like to again thank the people in Effingham for their continued co-operation in helping us to keep fire losses down.

Remember the telephone numbers to call are:

For **FIRE ONLY** - 539-4864.

For **AMBULANCE SERVICE** - 539-6628 and 539-4846.

DO NOT call the Fire Department number for ambulance service.

REPORT OF THE FOREST FIRE WARDEN AND YOUR DISTRICT CHIEF

The 1964 forest fire season surpassed the record year of 1963 in both length and severity. For the second successive year, we experienced a rainfall deficiency of more than ten inches and the compounding of such drought conditions, together with the many days of strong, dry winds, characterized 1964 as one of the most hazardous years in the past half century. Although our fire season was three weeks longer than that of 1963, the number of fires showed only a slight increase and more remarkable was the fact that the area burned dropped from 2280 acres in 1963 to 900 acres in 1964. Early detection and rapid response kept many potential fire disasters from becoming reality. We all owe a debt of gratitude to the men in this community who responded and fought our fires so efficiently. Our state is now 86% wooded and its economy—both industrial and recreational—is greatly dependent on this forest resource. The responsibility for adequate fire protection of this great area—4,350,000 acres—is everyone's responsibility and prevention is one of our most effective tools.

Prevention is good common sense.

1. Take your rubbish to the town dump. If you must burn, obtain a permit and watch your fire until it is dead out.

2. Instruct your children in fire safety. Keep matches from young children. Explain to them the dangers of lighting matches and making outdoor fires.

3. Be sure discarded smoking material and matches are out.

A major portion of our preventable fires this year are chargeable to three causes: (1) permit fires allowed to escape; (2) children playing with matches; and (3) smokers. Let's be mindful of the fact that all such fires endanger property and lives.

We wish to thank you for your very fine cooperation during the past fire season and with your continued cooperation we are confident that we can improve our fire record in 1965.
